

Strategies: Data Sources and Notes

Theme	Strategy	Variable/Reference	Data Source and Notes
Information & Awareness	Raise awareness about existing programs and services for individuals and families.	"... language barriers, mobility issues, or those new to the community—conditions more common for residents in poverty."	American Community Survey, 1-Year Estimates, 2017.
	Improve accessibility to services through clear, simple, and multilingual communication.	"... more than 18,000 residents with limited English fluency..."	American Community Survey, 1-Year Estimates, 2017.
		"...providing information in multiple languages... can enable a broader group of residents to learn about and receive services."	Elizabeth C. Pomeroy, Angela Nonaka, "Language and Social Work: Are We Really Communicating Effectively?," Social Work, Volume 58, Issue 2, April 2013, Pages 101–104.
		"Simplifying communication about programs and services... can enable a broader group of residents to learn about and receive services."	Natalie Ames, "Three Cheers for Plain Language," Social Work Today, 2012. Retrieved August, 2019 at www.socialworktoday.com/archive/exc_100614.shtml
	"... offering resources and guidance to help individuals navigate application processes... can enable a broader group of residents to learn about and receive services."	Sonal Ambegaikar, Zoe Neuberger, and Dorothy Rosenbaum, "Opportunities To Streamline Enrollment Across Public Benefit Programs," 2017. Retrieved August, 2017 from www.cbpp.org/research/poverty-and-inequality/opportunities-to-streamline-enrollment-across-public-benefit	
Communities & Neighborhoods	Build neighborhoods of high opportunity as part of economic development and urban revitalization strategies.	"... about 25% of all residents, and 30% of children live in neighborhoods of concentrated poverty where poverty rates exceed 20% and access to opportunities is limited."	American Community Survey, 2013-17 5-Year Estimates
		"Living in high opportunity neighborhoods can mitigate the negative impacts of being poor, especially for children..."	San Francisco State University, "Neighborhoods can help buffer impacts from childhood poverty: Study suggests that community resources mitigate stress," ScienceDaily, 2018. Retrieved August, 2019 at www.sciencedaily.com/releases/2018/06/180606093744.htm (accessed August 26, 2019).
	Build and/or strengthen neighborhood service hubs in high-needs neighborhoods.	"Buffalo Niagara residents in poverty are more likely have a disability, and less likely to drive a car, be fluent in English, or have private health insurance."	American Community Survey, 1-Year Estimates, 2017.

Coalition & Capacity Building	Reduce redundancy in client management and modernize record keeping to simplify and facilitate applicant management.	"Although many government and non-profit agencies require much of the same information from clients, very few share data with each other."	Sonal Ambegaikar, Zoe Neuberger, and Dorothy Rosenbaum, "Opportunities To Streamline Enrollment Across Public Benefit Programs," 2017. Retrieved August, 2017 from www.cbpp.org/research/poverty-and-inequality/opportunities-to-streamline-enrollment-across-public-benefit
Health & Mental Health	Expand access to affordable, healthy foods through healthy corner stores, farmers markets, community gardens and mobile markets.	"Nearly 95,000 residents in the region, including 21,600 children, live in neighborhoods designated by the USDA as "food deserts"..."	Source: USDA, ERS, Food Atlas, 2015; ACS, 5-year estimates, 2017. "Food deserts" are census tracts defined by the USDA as low income with low food access measured at 1 mile for urban areas and 10 miles for rural areas.
		"... nearly a quarter (22%) of households in food deserts do not own a vehicle..."	Source: USDA, ERS, Food Atlas, 2015; ACS, 5-year estimates, 2017. "Food deserts" are census tracts defined by the USDA as low income with low food access measured at 1 mile for urban areas and 10 miles for rural areas.
	Bring health and mental health services to residents in need through community outreach, mobile services, and online tools.	"... 60,500 households do not own a car, nearly 36,000 people with a disability live in poverty, and over 18,000 individuals have limited English fluency..."	American Community Survey, 1-Year Estimates, 2017.
	Promote healthy communities, active lifestyles, and access to preventive health care services to improve health outcomes.	"... Buffalo residents are less likely to be physically active or to use preventive services, and more likely to have common chronic diseases."	US Centers for Disease Control (CDC), 500 Cities Project, 2016.
Housing	People in or near poverty are more likely to live in older homes, since they tend to cost less to rent or own	"Nearly a third (32%) of homes in Buffalo Niagara were built before 1940." "People in or near poverty are more likely to live in older homes, since they tend to cost less to rent or own."	American Community Survey, 1-Year Estimates, 2017.
	Strengthen supports to address and prevent homelessness.	"... more than 60% of renters are cost burdened, spending over 30% of their income on housing."	American Community Survey, 2013-17 5-Year Estimates
	Expand options for affordable, quality housing in neighborhoods with access to jobs, services and transportation options, including expanded pathways to homeownership.	"Over 133,000 households in Buffalo Niagara spend over 30% of their income on housing. Well over half (57%) of these cost burdened households are renters." "... the region's median rent of \$772."	American Community Survey, 1-Year Estimates, 2017.
Parents & Families	Expand affordable, quality daycare options that enable parents to work more or better hours.	"... single parents in New York State paid an estimated 56% of their income on center-based childcare, or 41% of income for home-based childcare in 2017."	ChildCare Aware of America, "The US and the High Cost of Child Care," A Review of Prices and Proposed Solutions for a Broken System, 2018 Report." Retrieved August, 2019 at usa.childcareaware.org/advocacy-public-policy/resources/research/costofcare/

Refugees & Immigrants	Bolster programs and services that promote economic self sufficiency of refugees and other new Americans.	"... 15% of all foreign born residents in the region do not speak English well or at all..."	American Community Survey, 2013-17 5-Year Estimates
		"...poverty rates for foreign born families with children (39%) are nearly twice as high as those born in the US..."	American Community Survey, 2013-17 5-Year Estimates
Safety	NYS Division of Criminal Justice Services	"About 5,000 people reported intimate partner violence in the region in 2017."	NYS Division of Criminal Justice Services, "Domestic Violence Victims Reported in 2017, Erie and Niagara County," 2017.
Seniors	Expand aging-in-place supports for seniors.	"... over 63,000 older adults in the region with a disability."	American Community Survey, 1-Year Estimates, 2017.
	Increase transportation options and mobility services for seniors.	"... 63,000 with a disability, which may impair their ability to drive, or the nearly 17,000 others living in poverty..."	American Community Survey, 1-Year Estimates, 2017.
	Expand access to quality community health services for seniors.	"Over 63,000 older adults (age 65+) in Buffalo Niagara live with a disability."	American Community Survey, 1-Year Estimates, 2017.
Transportation	Enhance and promote public transit to increase access to jobs and services.	"... over 60,000 households without a vehicle..."	American Community Survey, 2013-17 5-Year Estimates
Workforce Development	Adopt non-traditional educational models, such as online training, to expand job opportunities for diverse populations.	"... over 33,000 people who have a job but still live in poverty."	American Community Survey, 1-Year Estimates, 2017.
Youth & Teens	Strengthen and expand afterschool and summer programs, especially mentoring, for at-risk youth.	"... over 50,000, live in poverty."	American Community Survey, 2013-17 5-Year Estimates
	Expand violence prevention and remediation programs for youth.	"About 30% of all children in the region (over 69,000) live in a neighborhood of concentrated poverty. Among teens age 16 to 19, those living in a neighborhood of concentrated poverty are two times more likely to not be employed or enrolled in school."	American Community Survey, 2013-17 5-Year Estimates
	Enhance career pipelines for youth into good-paying jobs in the skilled trades that do not require a four-year college degree.	"Nearly 25,000 young adults without children in Buffalo Niagara live in or near poverty. While 11% of them have dropped out of high school, an even higher percentage—36%—have a college education, perhaps in a field where there is a surplus of graduates and limited job opportunities."	UBRI analysis of data from IPUMS, American Community Survey, 2012-2016 5-year estimates, University of Minnesota, 2016.
